General and Revenue Secretariat.

Mur File No. 110 of 1912 9—10 D

Serial No.

Mere orders have been referred to to show that repairs of Branch matts in the Park were attended to without the specially getting the consent of the Swamijahs thereto & that her consent wd not be, at present, necy bcs, as the Govt have been acting in the best interest of the matt.

The plan sent by the matt may, if appd, be sent to the Chief Engr with the request that an Estimate for Rs 10,000 & a proper plan of the building may be prepd by him & subn for sanction.

RL
12-5-13

Subd to Hon Councillor

The rebuilding of the Matt has to be taken up very early and awaiting for the consent of the Swamijahs wife not. I am afraid help in the early solution of the question. A decent building may be erected for Rs 10,000 to the expenditure of which amount the Swami has consented. A line of decent shops in front will bring in a steady income for the benefit of the Matt, but this will necessarily increase the initial cost.

Enclosure No. one Report

His No:344 / Muz. dated 3-8-1909.

-----ooo::0::ooo-----

Requesting the undersigned to --- submit a design for Improving the Premises of the Uttaradi Mutt --- Chickpet Bangalore.

-----ooo::0::ooo-----

Has the honor to state that as requested by him in the No: under reply, a design providing for -- (a) the rebuilding of the temple, (b) for constructing a few shops facing Chickpet.
and a few rooms on the upper floor for the use of respectable visitor or for renting to lawyers' ~~or~~ and -- other offices. (c) and the necessary kitchens, store, rooms, coach or palanquin stables and a spacious covered area for the use of a --- large number of followers etc,

been

7

been prepared., the cost being .19982/- As the mud buildings are all the property of the Mutt no compensation is provided for necessary .952/- of contingencies will cover it. The design for the temple proper especially, and for the whole of the work in general is different from the usual practice of house and temple building, and is expected when constructed to give greater satisfaction, to one and all-- that use the buildings and the temple. The detailed general and enlarged plans give the necessary information. For the purpose of expediting --- business one spare set of drawings is supplied to be sent, (if necessary to the Mutt authorities.for obtaining their opinion. But in the case of the Vyasaraya Mut etc., the opinion of the Mut authorities does not seem to have been taken and if so, no time need be lost now too, in improving the premises hich are now an eye sore to the fast improving Chickpet --- Street.

One copy has also been sent to the Chief Engineer direct.

As desired personally by the Superintendent Mr. Y Sreenivasa Rao's approval for the design has also been obtained. The Estimate and plans may be countersigned and returned to the undersigned or sent to the Chief Engineer before the 28th instant intimating the undersigned of the same.

Executive Engineer,

Bangalore Division.

R e p o r t

to accompany the Estimate for --- Improving the Uttaradi Mutt Chick-pet. B a n g a l o r e.

-----ooo::O::ooo-----

The whole of the building except the temple is unburnt brick in clay with portions of burnt -- stone in clay and roofed over with mud. Many of even these mud ---- buildings are in a dilapediated condition. The temple looks a -- little more substantial but is -- very low and narrow and deserves t be rebuilt. The whole premises ~~at present~~ are at present an eye sore to the fast improving locality. --- Hence, it is proposed now, to -- demolish the whole set of buildings & rebuild as per design submitted herewith.

There is a provision under the present estimate, not only for rebuilding the temple, the compound wall and other accommodation ---- needed by the Swami of the Uttaradi Mut and his followers, in the shape of kitchen, store rooms, office, coach or palanquin stables and the like, but also for shops facing -- the Chickpet which will consuntly yeild a revenue of not less than Rs.50 per month, and two rooms up stairs for accomadating any specia lly distinguished visitors or for being let out as offices to --- lawyers etc.,. The 1st floor is also

9

also capable of explansion when required later on. The design of the temple is light strong and shastraic.

The cost is '19982/-. The old building now standing are said to be the property of the Mut.and seems to need no compensation.

Should they need any, the large contingencies of Rs 939 will cover it.

Executive Engineer,

Bangalore Division.

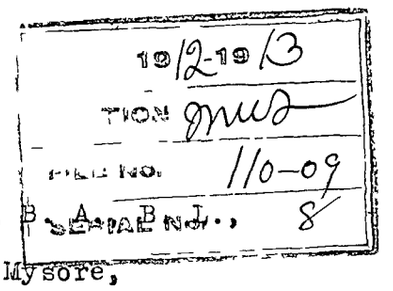
No. 1181 Office of the Muzrai Superintendent in Mysore.

Dated Bangalore, 19th April 1913.

DIARY No. 1806



From

G. Aravamudu Iyengar, Esquire, B.A., B.L.,
Muzrai Superintendent in Mysore,
Bangalore.

To

K. R. Sreenivasiengar, Esquire, M. A.,
Offg. Secretary to the Government of His Highness
the Maharaja of Mysore, Genl. and Rev. Depats.,
Bangalore.

Sir,

In continuation of my letter No. 960 dated the 18th February 1911 submitting for the orders of Government a letter from the President of the Bangalore City Municipal Council about the insanitary and unsafe condition of the Sri Uttaradi Matt building in the Chickpet at Bangalore, I have the honor to state as follows. An estimate prepared by the Public Works Department for Rs. 19,982/- for improving the building was sent to my predecessor in office for countersignature and he returned the same duly countersigned to the Executive Engineer, Bangalore Division, so long ago as August 1910. This estimate with plans was sent in the usual course by the Superintending Engineer for the countersignature and approval of the Swamigalu who was also requested by Government to intimate his willingness in the Matt interests to sanction the construction. Beyond a statement that the design is too ornamental and the estimate costly, and that an expenditure of Rs. 10,000/- will quite meet the requirements of the case, the Swamigalu has not moved further in the matter at all, nor have the Plans and estimates been returned to the Superintending Engineer. In the meantime the whole work has been hung up and the Municipality have been repeatedly bringing to

notice the insanitary condition of the buildings and their surroundings while the Superintending Engineer has been pressing this office for getting the Swamigalu to return the documents. I do not see how the return of these papers may be enforced by me particularly as they were forwarded without reference to this office unless by holding out threats which to say the least would be unbecoming the position and status of the Matt.

As regards the reconstruction of the building itself, it is a point for consideration whether the express consent of the Swamigalu is at all necessary. In the case of the marginally noted -

1. Uttaradi Matt at Holenarsipur at a cost of Rs.5,066/- vide Government Order No. 1487-9/M. 10-95 dated 24th March 1902.	buildings
2. Branch Matt at Mysore for Rs. 650/-. Vide Government Order No. 2746-8 dated 23rd December 1905.	extensive/
3. Branch Matt at Serangapatam for Rs. 5,944/-. Vide Government Order No. 5190-2 dated 6th May 1907.	repairs
4. DO. DO. for Rs. 1,184/-. Vide Government Order No. 3050-2/686-08-4 dated 30th June 1910.	were sanctioned

at more or less heavy cost from the funds of the Matt without obtaining special permission of the Swamigalu, and there is apparently nothing to prevent the Government from acting upon these precedents in the case of the Matt buildings at Bangalore, particularly so as the building is in its present condition reported by the Municipality to be a menace to public safety.

The previous dealings of Government with the affairs of the Matt since 1904 when the Matt and its properties were taken under Government management would appear to show that the Government have been acting without the intervention of the Swamigalu, whenever the real interests of the Matt according to the Government views were concerned. The recognition by Government of the present Swamigalu does not, it would appear, alter the situation so long as the properties of the Matt are under Government management and the action proposed by Government relates to the maintenance of these properties in a good condition. But if it should be considered that the consent of the Swamigalu is necessary before sanction can

be accorded to the estimate, there is nothing to prevent Government taking action upon the willingness of the Swami to have the building reconstructed at a cost of Rs. 10,000, expressed in his - - Srimukha, with which a plan for such reconstruction has also been submitted.

In this case the plan may be forwarded to the Chief Engineer with a request that a fresh estimate may be prepared approximating as far as possible to the plan furnished by the Swamigalu and to his limit of cost. On receipt of the revised plan and estimate on the above lines, sanction may be accorded to the same without - - further reference to the Swamigalu. Admittedly the building is in a stage of dilapidation which is against the public interests to allow to continue in its present condition and some early action is called for in the matter and it is inexpedient to afford the - - Swamigalu another opportunity to postpone indefinitely this necessary improvement.

I have the honor to be,

Sir,

Your most obedient servant,

Murasi Superintendent.

Sir,

I have the honor to once again invite your attention to the serious nuisance that the Ulsoor Mutt premises at Cheekpet have become, and the grave menace to the health of the residents in the neighbourhood. While doubtless the question of erecting a new structure is liable to take time, there probably is not much difficulty about demolishing the existing insanitary and exceedingly dangerous buildings

Sir,

With reference to your letter No. 1843/Muz 110-09-13 dated 22nd. January 1914, I have the honor to herein submit the Municipal Engineer's plan and estimate amounting to Rs. 450/- towards the cost of improving the sanitation of the Sri Uttaradi Mutt at Chickpet, for favor of early sanction by Government.

In submitting his suggestions the Municipal Engineer has taken up such portions as are either structurally too dangerous or Sanitarily productive of great nuisance.

As the Mutt is situated in a very crowded portion of the City, I request that early orders may be passed on the subject.

I have the honor to be,

Report

The Compound is very filthy with a lot of ruined and debris.

2 There are no drains to lead off the sewage from the half a dozen tenanted houses and the same is stagnant and soaking into the Compound

3 There is no proper latrine accommodation and the whole Compound is fouled.

4 The Compound walls are fallen. On the North and South which gives access to outsiders to ~~Comit~~ commit nuisance in the Compound.

The estimate for improving these defects should therefore provide for

(1) Removing ruined walls and levelling

(2) Construction of slab drains as shown in plan

(3) Construction of 2 latrines

(4) Building up of fallen Compound walls and these are included in the estimate

MYSORE P. W. DEPARTMENT,

CENTRAL OFFICE.

Bangalore, 9th October *1914*

From

KARPUR SHRINIVASRAV, ESQ., B.Sc., L.C.E.,

Offg. Chief Engineer of Mysore,

Bangalore.

To

D. M. Narasinga Rao, Esq., B.A., B.L.,

Offg: Secretary to Government,

General and Revenue Departments.

Sir,

With reference to your letter No.178/Muz 110-09 dated the 21st July 1914, requesting to be informed as to when the estimate for the reconstruction of the Sri Uttaradi Mutt in Chickpet, Bangalore City, may be expected, I have the honour to state that the revised plans and estimates received from the Assistant Engineer, Headquarters Range, had to be returned to the Superintending Engineer, Southern Circle, for effecting certain modifications desired by the Agent of the Uttaradi Mutt. On their receipt the necessary further action will be taken.

I have the honour to be,

Sir,

Your most obedient servant,

for Offg: Chief Engineer of Mysore.

To

The Secretary to G
Revenue & General
Bangalore

Dated Bangalore 9-10-14

Despatched

Enclosure No

SUBJECT.

Uttarahalli
Chikpet,
Bangalore City

RK

Submitted.

As directed by the Mysore superintendent I inspected the ~~Sirs~~ Uttaradi matt building in Lick Pett Bangalore city.

I submit for orders the enclosed sketch Plan and Estimate for the repairs urgently required costing Rs 500/-

I hear that an Estimate for a new matt building for Rs 20000/- has been prepared under the instructions from the Chief Engineer & the work is likely to be put in hand very early. In that case the Estimate now prepared seems to be superfluous.
